Donor-to-Donor Programs Programs for Members & Non-member Grantmakers

HAVE A GOOD IDEA? WANT SOME ADDITIONAL INFORMATION? DO YOU HAVE A SPECIAL PROJECT?

The Donor-to-Donor Program Model (D2D) allows the Center to put your good ideas to work. This fee-for-service programming allows member and non member grantmakers to “buy” Center staff time to put on programs that are consistent with the mission, vision and values of the Center and that also meet the needs of the grantmaking community.

In 2010, the Center piloted two series with the On the Ground Programs supported by the Incarnate Word Foundation to learn more about Place-Based Grantmaking in our region as well as with the Daughters of Charity Foundation to undertake the work of a Common Grant Application for the region.

Due to the overwhelming success of the D2D Programs, we are now opening this to all member and non-member grantmakers!

Commonly Asked Questions

Do my member dues include D2D Programs?

Member dues cover attendance at the D2D programs but do not cover the cost to underwrite the programs.

Who can sponsor a D2D Program?

Member or non-member grantmakers can underwrite a D2D program. This is a great way for grantmakers who are not members to advance philanthropy in our region.

What is included in the D2D service fee?

Center staff time and program development from inception to implementation to evaluation (including identifying speaker, drafting discussion points/agendas, researching resource materials, etc). Program costs will be worked out with the Grantmaker underwriting the program.

Can I approach the Center with any sort of Program?

No. The potential program must fall within the Center’s Collaboration Guidelines and meet the approval of the Programs and Services Committee. The programs should be targeted at Grantmakers, not nonprofits.

To learn more about the Donor-to-Donor Program Model, please contact Center President Mary McMurtrey at mary@centerforgiving.org or 314-621-6220.
